PART 610—MINIMUM EN ROUTE IFR

Part 610 is amended as follows:

- 1. Sections 610.1001 through 610.1004, consisting of the direct routes for the northeast, southeast, southwest, and northwest quadrants of the United States, are deleted.
- 2. Section 610.1001, consisting of the direct routes for the entire United States, is adopted to read:

§ 610.1001 Direct routes, United States.

FEDERAL POWER COMMISSION

[Docket Nos. G-2017, G-2127]

TEXAS GAS TRANSMISSION CORP. ET AL.

ORDER FIXING DATE OF HEARING AND SPECIFYING PROCEDURE

In the matters of Texas Gas Transmission Corporation, Docket No. G-2017: and Louisiana Natural Gas Corporation, and Texas Northern Gas Corporation, Docket No. G-2127.

By order issued August 1, 1952, in Docket No. G-2017, the Commission, pursuant to the authority contained in section 4 of the Natural Gas Act, ordered that a hearing be held concerning the lawfulness of the rates, charges, and classifications contained in Texas Gas Transmission Corporation's (Texas Gas) FPC Gas Tariff, First Revised Volume No. 1. The order also provided that, pending the hearing and decision thereon, such tariff, with the exception of certain rate schedules covering interruptible industrial gas service, be suspended. Thereafter, on January 8, 1953, at the expiration of the period of suspension, upon motion of Texas Gas, the suspended tariff became effective, under bond and subject to the refund, if so ordered, of such portion of the increased rates as the Commission might find not justified.

By order issued February 27, 1953, in the above-entitled proceedings, the Commission:

(1) Pursuant to authority contained in section 5 of the Natural Gas Act, instituted in Docket No. G-2127 an investigation concerning all rates, charges or classifications demanded, observed, charged or collected by Louisiana Natural Gas Corporation (Louisiana Natural) and Texas Northern Gas Corporation (Texas Northern) wholly-owned subsidiaries of Texas Gas, for or in connection with any transportation or sale of

natural gas, subject to the jurisdiction of the Commission, and concerning any rules, regulations, practices or contracts affecting such rates, charges or classifications, for the purposes stated in the order; and,

(2) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by sections 4, 5, and 15 of the Natural Gas Act, consolidated for purpose of hearing the above-entitled proceedings in Docket Nos. G-2017 and G-2127, such hearing to be held at a time and place to be fixed by further order of the Commission.

The Commission finds: It is necessary and appropriate in carrying out the provisions of the Natural Gas Act, and good cause exists, to hold a public hearing in the above-entitled proceedings at the time and place hereinafter ordered, and to prescribe, as hereinafter ordered, the procedure to be followed at the hearing in the interest of having these proceedings conducted with as reasonable dispatch as practicable.

The Commission orders:

(A) Pursuant to authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 4, 5, 15, and 16 of the Natural Gas Act; and the Commission's general rules and regulations, including rules of practice and procedure (18 CFR Chapter I) a public hearing be held commencing on July 1, 1953, at 10:00 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved and the issues presented in the above-entitled proceedings.

(B) At the hearing, Texas Gas and its subsidiaries, Louisiana Natural and Texas Northern, shall go forward first and shall present, in the respective dockets, their complete cases-in-chief before cross-examination is undertaken. Upon completion thereof, other parties to the proceeding may proceed with such cross-examination as they may wish to conduct at that time and, upon completion of such cross-examination, upon request of any of the parties hereto, the hearing shall be recessed by the Presiding Examiner subject to further order of the Commission.

(C) In the interest of expedition, Texas Gas, Louisiana Natural, and Texas Northern shall, not later than seven days next preceding the date hereinbefore fixed for the commencement of the hearing herein, serve upon all parties herein, including Commission staff counsel, copies of all prepared testimony and exhibits proposed to be offered at the hearing.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f))

On June 30, 1952, El Paso Natural Gas Company filed with the Commission certain proposed revisions to its FPC Gas Tariff, Original Volume No. 1, to become effective August 1, 1952, increasing the then effective rates and charges to El Paso's interstate wholesale customers, to-wit: Fourth Revised Sheets Nos. 4 and 6, Third Revised Sheet No. 8, Sixth Revised Sheet No. 10, Original Sheet No. 11-A, Fourth Revised Sheets Nos. 11, 12, 13, 14-A, and 15, Third Revised Sheet No. 17, Fourth Revised Sheet No. 19, Third Revised Sheet No. 19-A, Fourth Revised Sheet No. 22, Fifth Revised Sheet No. 25, and Original Sheets Nos. 27-B. 27-C, and 27-D.

On August 1, 1952, pending a hearing and the Commission's decision upon the question of the lawfulness of the rates proposed by El Paso, the Commission issued an order dated and effective July 31, 1952, suspending the aforementioned proposed tariff sheets, save and except Fourth Revised Sheets Nos. 12, 13, 14–A, and 15 which relate to the sale of natural gas for resale for industrial use only, until January 1, 1953, and until such further time thereafter as said suspended tariff sheets might be made effective in the manner prescribed by the Natural Gas Act.

The Commission orders:

(A) A public hearing be held commencing June 22, 1953, at 10 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, General Accounting Office Building, 441 G Street NW., Washington, D. C., concerning the lawfulness of the rates, charges, classifications, and services and the rules, regulations, practices and contracts relating thereto, subject to the jurisdiction of the Commission, of El Paso Natural Gas Company.

(B) At the hearing El Paso shall go forward first and shall present and complete its case-in-chief before cross-examination is undertaken. Upon com-

(D) In the interest of expedition, El Paso shall, not later than five days next preceding the date hereinbefore fixed for the commencement of the hearing herein, serve upon all parties herein, including Commission Staff counsel, copies of all prepared testimony and exhibits proposed to be offered at the hearing.

(E) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)] of the Commission's rules of practice and procedure.

MOTICE OF PROPOSED CAPITAL CONTRIBUTION, AND ISSUANCE, SALE AND ACQUISITION OF SECURITIES

June 2, 1953.

In the matter of General Public Utilities Corp., Associated Electric Company, Pennsylvania Electric Company, File No. 70–3079.

Notice is hereby given that a joint application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("the act") by General Public Utilities Corporation ("GPU") a registered holding company, by Associated Electric Company ("Aelec") subsidiary of GPU and likewise a registered holding company, and by Pennsylvania Electric Company ("Penelec") subsidiary of Aelec and on operating utility company. Applicants have designated sections 6 (b). 9 (a) 10, and 12 of the act and Rules U-45 and U-50 thereunder as applicable to the proposed transactions, which are summarized as follows:

A. Penelec proposes to issue and sell for cash, after competitive bidding in accordance with the requirements of Rule U-50, \$12,500,000 principal amount of First Mortgage Bonds, __ percent Series due 1983 ("New Bonds") The New Bonds will be issued under the Mortgage and Deed of Trust dated as of January 1, 1942, between Penelec and Bankers Trust Company, Trustee, as heretofore amended and supplemented, and as further amended and supplemented by a Supplemental Indenture to be dated June 1, 1953.

B. Prior to or simultaneously with its issuance and sale of the New Bonds, Penelec also proposes to issue and sell to Aelec for cash, and Aelec proposes to purchase from Penelec, 365,000 additional shares of Penelec's Common Stock ("Additional Common Stock") at the par value of \$20 per share, or an aggregate of \$7,300,000.

C. To assist Aelec in financing the purchase from Penelec of the Additional Common Stock, GPU proposes to make one or more cash capital contributions to Aelec in such amounts as, in the aggregate, together with the funds which Aelec then has on hand available for the purpose, will enable Aelec to effect such purchase. It is estimated that the amount of cash which Aelec will have available from its own funds, apart from the proposed contributions by GPU, will probably be less than \$500,000.

Penelec proposes to use the proceeds from the sale of the New Bonds and Additional Common Stock, estimated at \$19,800,000, to repay bank loans of \$10,-000,000 made on May 11, 1953, under its Credit Agreement of February 26, 1953, with certain banks, and to apply the balance, together with the proceeds of further bank loans aggregating \$5,400,-000 to be effected under said Credit Agreement during the latter part of 1953, and funds generated by its utility operations, to the cost of its 1953 construction program and to reimburse its freasury for expenditures in connection therewith.

3280 **NOTICES**

Penelec anticipates that the issue and sale of the New Bonds and Additional Common Stock will be expressly authorized by the Pennsylvania Public Utility Commission, the regulatory commission of the State within which Penelec is or-

ganized and doing business.

The total fees and expenses to be incurred by Penelec in connection with the issuance of the New Bonds are estimated at \$75,150, including, in addition to fees imposed by law and printing and miscellaneous expenses, the following: Legal \$15,500, accounting \$4,000, indenture trustee \$6,000. The expenses of GPU and Aelec are estimated at not over \$500.

Applicants request that their application-declaration be granted and permitted to become effective at the earliest

practicable date.

Notice is further given that any interested person may, not later than June 18, 1953, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reason for such request, and the issues, if any of law or fact proposed to be controverted: or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. The Commission by order adopted on March 13, 1953, pursuant to section 19 (a) (4) of the Securities Exchange Act of 1934, having summarily suspended trading in the \$1 par value common stock of Adolf Gobel, Inc., on the American Stock Exchange for a period of ten days from that date, and subsequently having entered additional orders further suspending such trading in order to prevent fraudulent, deceptive, or manipulative acts or practices; and

The Commission being of the opinion that the public interest requires the summary suspension of trading in such security on that Exchange and that such action is necessary and appropriate for the protection of investors; and

The Commission being of the opinion that such suspension is necessary in order to prevent fraudulent, deceptive, or mampulative acts or practices, with the result that it will be unlawful under section 15 (c) (2) of the Securities Exchange Act of 1934 and the Commission's Rule X-1502-2 thereunder for any broker or dealer to make use of the mails or of any means or instrumentality of interstate commerce to effect any transaction in, or to induce or attempt to induce the purchase or sale of, such security otherwise than on a national securities exchange.

STANDARD POWER AND LIGHT CORP.

SUPPLEMENTAL ORDER GRANTING APPLICATION

JUNE 3, 1953.

The Commission, by order dated May 18, 1953 (Holding Company Act Release No. 11921) having granted, subject among others to the terms and conditions prescribed in Rule U-24 promulgated under the Public Utility Holding Company Act of 1935 ("act") an amended application for approval of a plan filed pursuant to section 11 (e) of the act by Standard Power and Light Corporation ("Standard Power") a registered holding company, which plan proposes, inter alia, the complete or partial retirement, by a voluntary exchange offer, of Standard Power's \$7 Cumulative Preferred Stock ("preferred stock") at the redemption price of such stock, which price includes all accrued and unpaid dividends;

Standard Power having heretofore represented to the Commission the amount of the accrued and unpaid dividends on such preferred stock and having been permitted by the Commission to submit a form of exchange offer to the holders of its preferred stock in which offer it was stated that the redemption price, including accrued dividends on the preferred stock, would aggregate \$212.07 per share as of June 17, 1953, the last day on which the holders of the preferred stock will be permitted to accept the exchange offer

Standard Power having filed, pursuant to Rule U-24, a post-effective amendment to said application wherein it is proposed that the Company will mail promptly a proposed letter to the holders of its preferred stock to indicate that upon a recheck of the amount of dividend accruals on such stock the accruals were found to be \$1.75 per share more than as stated in the plan, as represented to the

Commission, and as represented in the form of exchange offer, and to indicate further that the redemption price, including dividend accruals, will aggregate \$213.82 per share as of June 17, 1953, instead of \$212.07 per share as previously indicated to such stockholders;

The Commission in its findings and opinion, dated May 18, 1953 (Holding Company Act Release No. 11921) issued in connection with its said order, dated May 18, 1953, having found that the proposal to retire the preferred stock at its redemption price, including accrued dividends, was fair and equitable but having assumed for purposes of analysis and based upon the Company's representation that the redemption price, including dividend accruals as of December 31, 1952, of the preferred stock amounted to \$212.31 per share when such redemption price actually amounted to \$214.06:

The Commission having reconsidered its aforesaid findings and opinion in the light of the facts now known to it and having examined said post-effective amendment and the letter which is proposed to be sent to the holders of the preferred stock, and finding with respect to said application, as further amended. that the transactions proposed meet the applicable standards of the act, and deeming it appropriate in the public interest and in the interests of investors and consumers that said application, as further amended, be granted forthwith:

It is ordered, Pursuant to Rule U-24 and the applicable provisions of the act. that said application, as further amended, be, and the same hereby is. granted forthwith, subject to the terms and conditions prescribed in Rule U-24.

COLUMBIA GAS SYSTEM, INC., ET AL.

NOTICE OF CAPITAL CONTRIBUTION BY PARENT OF SECURITIES OF ONE SUBSIDIARY TO ANOTHER SUBSIDIARY, ACQUISITION OF PROPERTIES BY MERGER AND DISSOLUTION OF SUBSIDIARY

JUNE 3, 1953.

In the matter of The Columbia Gas System, Inc., Cumberland and Allegheny Gas Company, and The Manufacturers Light and Heat Company. File No. 70-3075.

Notice is hereby given that The Columbia Gas System, Inc. ("Columbia") a registered holding company, and two of its public utility subsidiaries, i. e., Cumberland and Allegheny Gas Company ("Cumberland") and The Manufacturers Light and Heat Company ("Manufacturers") have filed a joint application-declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("the act") designating sections 9, 10, 12 (b) and 12 (d) of the act and Rules U-44 and U-45 promulgated thereunder as applicable to proposed transactions which are summarized as follows:

outstanding securities of Manufacturers and of Cumberland except for \$1,749,-999.72 principal amount of non-interest bearing promissory notes of Cumber-land which were issued in connection with the purchase of property, and which mature in equal monthly installments over a five year period beginning September 1951.

Manufacturers, a Pennsylvania corporation, is engaged in the production, purchase, storage, transmission and distribution of natural gas in the States of Pennsylvania, West Virginia, and Ohio.

Cumberland, a West Virginia Corporation, produces, purchases, transports and distributes gas in northern West Virginia and western Maryland.

The properties of Cumberland and Manufacturers are connected in four places, and Cumberland and Manufacturers have an exchange agreement under which Cumberland receives gas from Manufacturers for use in supplying the requirements of its customers. Both companies are supervised by the same executive officers and their general records are maintained by the same accounting department.

It is proposed to merge the operations and properties of Cumberland into Manufacturers in order to simplify the corporate structure of the system, the operations and accounting of the companies and bring about estimated savings in the cost of operations and intercorporate accounting.

The merger is to be accomplished as

 Columbia proposes to make a capital contribution to Cumberland by forgiving the latter's note indebtedness to it in the aggregate principal amount of \$5,850,864.22, increasing its investment in the common stock of Cumberland by a like amount, or to an aggregate amount of \$13,628,265.49. Cumberland will pay to Columbia accrued interest on said securities and cash dividends equal to its earned surplus accrued since September 30, 1946.

(2) Columbia will contribute to Manufacturers the outstanding shares of Cumberland's common stock, and will increase its investment in the common stock of Manufacturers by \$13,628,265.49, the amount of its then investment in Cumberland. Manufacturers will credit its capital surplus with a like amount.

(3) Manufacturers, as the then sole stockholder of Cumberland, will cause Cumberland to be liquidated and dissolved, taking over its assets and assuming its liabilities.

The declarants estimate that the merger will result in annual savings of \$5,250 from the elimination of accounting work, together with other benefits not readily measurable.

Various phases of the proposed transactions are stated to be also under the jurisdiction of the Federal Power Commission, the Pennsylvania Public Utility Commission, the West Virginia Public Service Commission and the Maryland Public Service Commission. Orders of approval have already been assued by the first two commissions, and similar

Columbia presently owns all of the orders of approval are expected from the within that period, may be held subseother two commissions in due course.

It is requested that the Commission's order be expedited and made effective

forthwith upon issuance.

Notice is further given that any interested person may, not later than June 18, 1953, at 5:30 p. m., e. d. s. t., request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.
